EDGAR BROTHERS
POLICE & MILITARY DIVISION

GLOBAL VIEW

Worldwide Leading Brands

Edgar Brothers leads the field with a true international perspective when it comes to sourcing market leading products and solutions from manufacturers worldwide.

SERVICE

Quality Service

'Service' is not an empty declaration at Edgar Brothers, service means real dedication to exceeding our customer's expectations - we make it personal.

COMMITMENT

Continuously Monitoring

In our business, loyalty counts, and our personal commitment with all business partners is testimony to the countless enduring relationships we have throughout the industry.

KNOWLEDGE

Knowledge of the Landscape

Knowledge is wealth, and continued success is a process of learning and evolution, utilising tacit knowledge and capability gleaned from over 30 years of experience to create industry-leading solutions.

QUALITY

Management Awards

Excellence is our target, not just in products but also in management. Edgar Brothers is ISO 9001 and 14001 accredited, carbon neutral, and Investors in People.

PERFORMANCE COUNTS

In 30 years, the Edgar Brothers Police and Military Division has built enduring relationships with suppliers and customers, many of which are measured in decades. We believe that to become a great supplier you need more than just great products, that's why our team of dedicated professionals, share a relentless passion for delivering the best performing solutions to exceed your expectations for innovation, responsiveness and cost.

EDGAR BROTHERS
POLICE & MILITARY DIVISION

Research and development

It's our job to evaluate what you are trying to accomplish, we understand that progress is driven by the invention and application of new technologies, and when it comes to turning a vision into reality, our experience from manufacturer to operator ensures a creative, practical approach, giving you a competitive advantage at every level.

Product performance

Our code for performance is that things can always be improved, and in order for us to meet your needs as a supplier, this is measured on many levels, including price, quality, and ongoing product satisfaction. Understanding all these variables helps us make intelligent decisions about what we need to do to ensure credibility and trust in everything we do.

Performance Counts

Performance Counts™ is our divisional motto, it's about accountability, respect, communication, teamwork and integrity. It's what we stand for, and it's why we're recognised by our customers for delivering the best value in products and service in the industry.

Partnership

We never stand still, our ability to deliver scale innovation in products, processes and service combined with our passion for results are the key to mutual success and business cooperation, whatever your mission, you can trust Edgar Brothers to deliver.

Amongst the hardest gear users on the planet are the people involved in law enforcement, military operations, peacekeeping missions and security details. The ARC'TERYX Law Enforcement & Armed Forces (LEAF) product line addresses those needs.

WRAITH JACKET

The Wraith is a quiet and featherweight shell, with wind-resistant and moisture shedding fabric, Storm Hood™, draw-cord and die-cut cuff adjusters.

ARC-11903

COLOURS: MULTICAM®, CROCODILE, WHITE

SIZES: S, M, L, XL, XXL

ALPHA PARKA

The Alpha Parka has GORE-TEX® 3L, for high performance storm protection; articulated elbows and no-lift gusseted underarms; WaterTight™ zippers and Dry Cuffs™.

ARC-10739

COLOURS: MULTICAM®, CROCODILE, BLACK

SIZES: S, M, L, XL, XXL

ALPHA LT

A GORE-TEX® Pro lightweight shell, serving up full weather protection, featuring a Storm Hood™ and a harness HemLock.

ARC-6290

COLOURS: BLACK, CROCODILE, WOLF GREY

SIZES: S, M, L, XL, XXL

ALPHA JACKET

The original alpine jacket adapted for LEAF environments. GORE-TEX® 3L fabric, WaterTight™ Zippers and Dry Cuffs™.

ARC-3161

COLOURS: MULTICAM®, CROCODILE, BLACK

SIZES: S, M, L, XL, XXL

TALOS LT HALFSHELL

A quality shirt designed for comfort and extended wear; athletic fit provides ease of motion and maximum comfort.

ARC-11900

COLOURS: MULTICAM®, CROCODILE, WOLF GREY

SIZES: S, M, L, XL, XXL

ARC'TERYX

LAW ENFORCEMENT & ARM

TALOS PANTS

A hot climate combat-ready pant made of light, breathable, nylon/cotton jersey fabric, reinforced with heavy duty webbing knees.

ARC-11614

COLOURS: MULTICAM®, CROCODILE, WOLF GREY

SIZES: S, M, L, XL, XXL: LONG, REG, SHORT

ATOM LT JACKET

Coreloft™ insulated arms, with side panels and underarms incorporating Polartec® Power Stretch® and Hardface® Technology.

ARC-10859

COLOURS: MULTICAM®, BLACK, CROCODILE, WOLF GREY

SIZES: S, M, L, XL, XXL

ATOM LT PANTS

These Coreloft™ insulated pants are designed to keep you warm on cold days, or to be used as an extra outer layer.

ARC-10864

COLOURS: MULTICAM®, BLACK, CROCODILE, WOLF GREY

SIZES: S, M, L, XL, XXL

FUSION JACKET

Fully ThermoTek™ insulated, windproof and water resistant jacket with excellent loft retention and good breathability.

ARC-8694

COLOURS: CROCODILE

SIZES: S, M, L, XL, XXL

FUSION PANTS

WINDSTOPPER® outer shell blocks wind entirely, sheds moisture and is a lightweight, easily compressible package.

ARC-8756

COLOURS: CROCODILE

SIZES: S, M, L, XL, XXL: LONG, REG, SHORT

BRAVO JACKET

Fortius 3.0™ durable technical fabric with stretch, and an athletic fit make this Bravo Jacket suitable for a range of duties.

ARC-10365

COLOURS: BLACK, CROCODILE, WOLF GREY

SIZES: S, M, L, XL, XXL

ARC'TERYX

LAW ENFORCEMENT & ARMED

KHYBER 80

Fast and light top loading patrol pack has streamlined cable and hose management and hydration ports to remain neat and compact.

ARC-12339

COLOURS: MULTICAM®,
CROCODILE, WOLF GREY

KHARD 45

Fully padded, single compartment bag. Opening from the top or side to reveal interior panels for versatile configurations.

ARC-12343

COLOURS: MULTICAM®,
CROCODILE, WOLF GREY

KHARD 30

Fully padded, single compartment bag. Opening from the top or side to reveal interior panels for versatile configurations.

ARC-12605

COLOURS: MULTICAM®,
CROCODILE, WOLF GREY

DELTA AR GLOVES

Made with a high-loft fleece shearling, and can be used on their own on cold dry days or as a warm insulation layer.

ARC-8241

COLOURS: BLACK

SIZES: XS, S, M, L, XL

TACTICIAN GLOVES

Made of 0.9mm Lezanova goat leather with heavier 1.1mm in the palms, this lined glove gets more comfortable with use.

ARC-8062

COLOURS: BLACK, CROCODILE, RAWHIDE

SIZES: S, M, L, XL, XXL

RIGGER BELT

Lightweight belt with Warp Strength® Technology; uniformly spreads the load across the entire belt (EN358 Certified).

ARC-7188

COLOURS: BLACK, CROCODILE, MULTICAM®

SIZES: S, M, L, XL

For two decades Benchmade have been committed to designing and manufacturing world-class sports cutlery and edged tools. They continually strive to manufacture high quality products that will deliver superior performance and provide great value for customers.

527 MINI-PRESIDIO® ULTRA

This lightweight folder delivers strength and speed, complimented by an AXIS locking system, and constructed from 440C stainless steel.

BENCH-527BK

150 MARC LEE GLORY® KNIFE

This knife honours the fearless actions and heroic behaviour of Petty Officer Second Class Marc Alan Lee. 154CM Stainless Steel, with a G10 Handle.

BENCH-150BKSN

172 FORGED TOMAHAWK

Differentially heat treated, the forged 4140 steel and textured G10 handles make this tomahawk a very dynamic tool.

BENCH-172BK

7 HOOK/SAFETY CUTTER

Cut quickly and reliably in an emergency situation. The larger and coated handle allows for better grip.

BENCH-7BLKW

HOUDINI-PRO™ RESCUE HOOK TOOL

Be prepared for any situation - window breaker, seatbelt cutter, and a useful LED 5-lumen flashlight.

BENCH-30200

BlueForce Gear strives for excellence in all they do and to exemplify that excellence in their products. They have a devotion to those they serve to deliver superior quality, innovative gear and to the pursuit of perfection.

VICKERS 125 SLING

Constructed from TEX 90 bonded nylon thread, and Invista Solution Dyed CORDURA® webbing, the Vickers Combat Applications Sling™ has revolutionised the way we carry automatic rifles, able to quickly transition from carrying a slung rifle comfortably to combat ready.

BLUE-VCAS-125-OA

COLOURS: MULTICAM®, BLACK, COYOTE BROWN, OLIVE DRAB

VICKERS SAW SLING

The Vickers SAW Sling utilises a 2-point sling to eliminate the feeding jam hazard of a 3-point sling. Features a 2.75" wide x 18" long tubular webbing pad to insure an even load, even if the sling flips during use.

BLUE-VCAS-SAW

COLOURS: MULTICAM®, COYOTE BROWN

VICKERS M240 SLING

The Vickers M240 is a simpler 2-point sling. Uses a CNC machined and hard coat anodized Quick Adjuster to combat the high heat expected from sustained firing - Won't burn through like a typical sling.

BLUE-VCAS-M240

COLOURS: MULTICAM®, BLACK, COYOTE BROWN, FOLIAGE GREEN

SOC-C MODULAR SLING

Originally developed as the issue sling to accompany a bid on the SCAR rifle. Within seconds, it can be converted to or from all versions – all with no separate parts that can be lost, misplaced, or misconfigured.

BLUE-SOC-C-D

COLOURS: MULTICAM®, BLACK, COYOTE BROWN, FOLIAGE GREEN

UDC PADDED BUNGEE SLING

The UDC Sling is a dedicated 1-point sling that is both fast and comfortable for long use. The UDC Sling has 2" inline padding for extra comfort that ends in two sections of bungee. Has a travel of approximately 2".

BLUE-UDC-200-BG-B

COLOURS: MULTICAM®, BLACK, COYOTE BROWN, FOLIAGE GREEN

PLATEMINUS

PLATEminus is an ultra light, streamlined plate carrier utilising the patent pending MOLLEminus technology. Perfectly suited for low-visibility situations, PLATEminus is so light and thin, it can be concealed under jackets or outer garments.

BLUE-MM-PLATE-1

COLOURS: MULTICAM®,
WOLF GREY, COYOTE BROWN

RACKMINUS

The RACKminus is half the weight of a loaded M4 magazine, half the thickness of a dime and over 4 times as durable as air textured nylon. Made from hydrophobic ULTRAcomp™ it gains minimal weight when wet and dries in seconds.

BLUE-MM-CHESTRIG-1

COLOURS: MULTICAM®,
WOLF GREY, COYOTE BROWN

SPLITMINUS

SPLITminus is the next evolution in MOLLEminus technology – utilising voids and slots cut out of one piece of ULTRAcomp instead of layers of sewn nylon to mount MOLLE pouches. The SPLITminus is the lightest, thinnest fully MOLLE compatible split front chest rig available.

BLUE-MM-CHESTRIG-2

**COLOURS: MULTICAM®,
WOLF GREY, COYOTE BROWN**

BELTMINUS

The BELTminus Patrol Belt Kit is well balanced with two Double M4 Magazine Pouches on each side (for a total of 4), one Medium Vertical Utility Pouch (for a total of 2), and a Trauma Kit now!

BLUE-K-PATROL

**COLOURS: MULTICAM®,
WOLF GREY, COYOTE BROWN**

TEN-SPEED MAGAZINE POUCHES

The Ten-Speed Mag Pouches provide legendary performance with the perfect blend of speed and security. The Ten-Speed multi-use pouches lay flat when not in use for less bulk and more streamlined operation while being the lightest magazine pouches in existence. The Helium Whisper attachment system is fully compatible with MOLLE and MOLLEminus platforms.

The CMR-205 Rail Master Red Laser/Light Combo is an instantly activated universal laser sight for Picatinny or Weaver rail.

CTC-CMR-205

LG-617 G (GEN III)

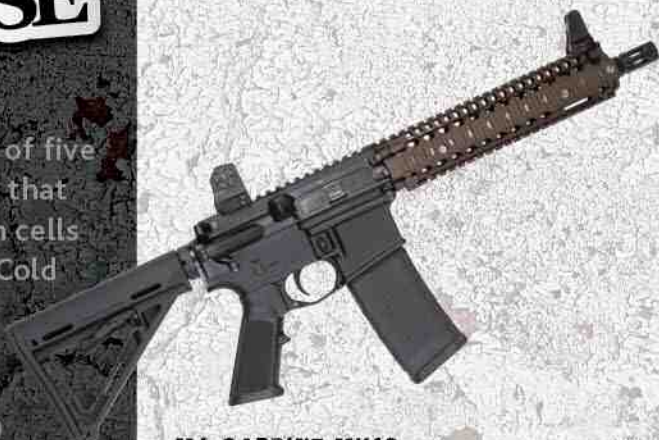

The LG-617G green laser sight for GLOCK Gen3 Full-Size pistols emits a green beam and provides over two hours of run time.

CTC-LG-617G

DANIEL DEFENSE

Daniel Defense is one of five companies worldwide that own barrel production cells capable of producing Cold Hammer Forged rifle barrels. These cells allow Daniel Defense to produce over 4,000 barrels a month in multiple calibers and configurations.

M4 CARBINE MK18

The MK18 features the railed forend currently provided to USSOCOM, with the bolt-up attachment system and a 10.3" Cold Hammer Forged Barrel.

DD-02-0002

M4V4

The M4 Carbine, v4 is perfectly adapted with a slick top monolithic upper receiver and equipped with a single pinned low profile gas block.

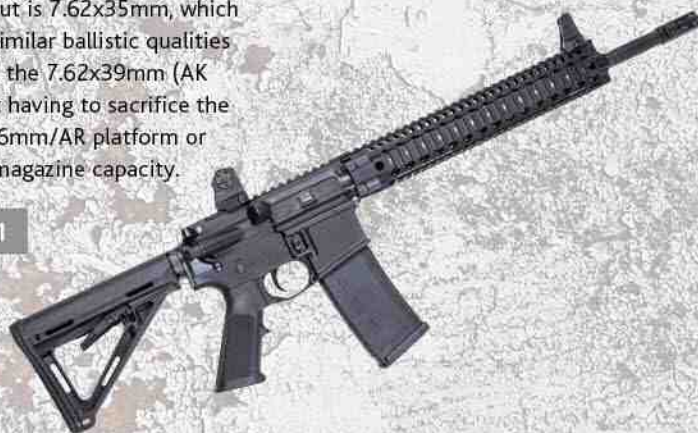

DD-02-0004

M4V5 300

The 300 Blackout is 7.62x35mm, which gives the user similar ballistic qualities as the .308 and the 7.62x39mm (AK round), without having to sacrifice the lightweight 5.56mm/AR platform or a reduction in magazine capacity.

DD-02-0001

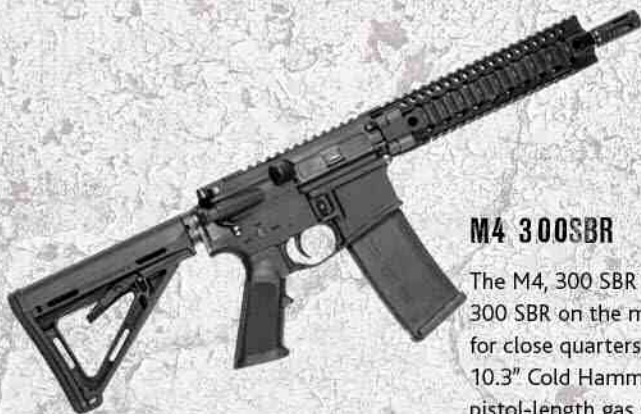

V7 300

The Daniel Defense, v7 300, new for 2013, is equipped with a single pinned low profile gas block that is drilled, taper rimmed, and press fit into place to securely attach the low profile gas block to the barrel assembly.

DD-02-0014

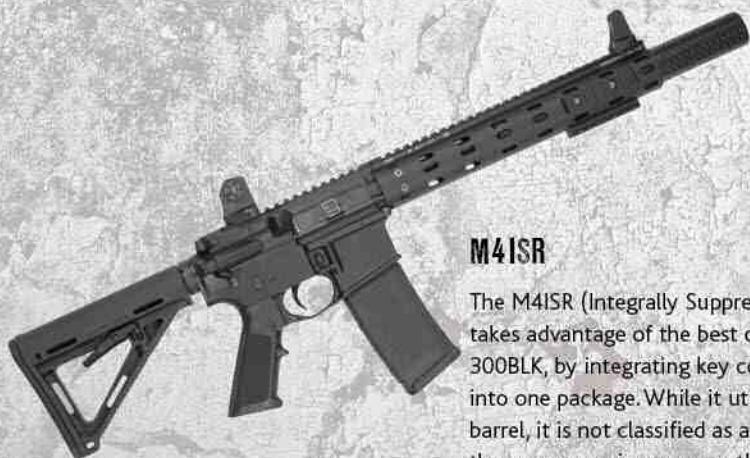

M4 300SBR

The M4, 300 SBR is the most advanced 300 SBR on the market today and is ideal for close quarters - Complete with a 10.3" Cold Hammer Forged S2W® barrel, pistol-length gas system, pinned low profile gas block, and DDM4 Rail™ 9.0.

DD-02-0006

M4ISR

The M4ISR (Integrally Suppressed Rifle) takes advantage of the best of the 300BLK, by integrating key components into one package. While it utilises a 10.3" barrel, it is not classified as an SBR due to the suppressor is permanently attached.

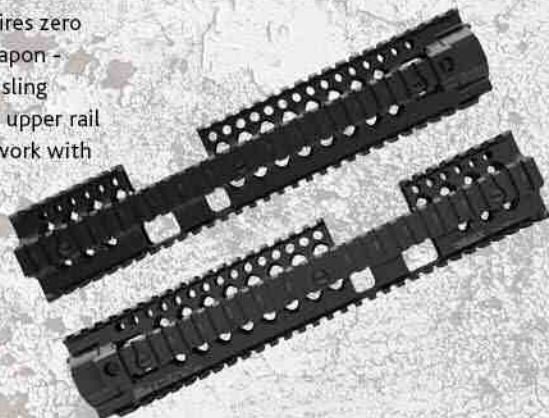

DD-02-0008

OMEGA RAIL™

The Omega Rail™ is the only free floating rail system that requires zero modifications to the host weapon - Features limited rotation QD sling swivel mounts, uninterrupted upper rail platform, and is designed to work with all M4 or AR15 gas systems.

DD-OMEGA-R

L85 RAIL SYSTEM

Designed specifically for the UK MoD, the L85 rail platform comes with integrated pockets for pressure pads, a hinged top cover (allowing access to the gas system components), and a very high strength to weight ratio.

DD-SA80-R

MAYFLOWER

RESEARCH & CONSULTING LLC

Mayflower Research & Consulting LLC specialises in building lightweight, high performance tactical nylon for the military athlete, with a design philosophy built upon 20 years of Infantry and Special Operations experience with six combat tours as a solid foundation.

UW CHEST RIG GEN IV

The UW Chest Rig Gen IV is a low-profile mission focused vest built to be ambidextrous and designed to carry the following: 4 ea 5.56mm magazines, 2 pistol magazines, up to 2 small radios (PRC-152/MBITR) as well as two GP pockets.

MAY-CR1-MC

COLOURS: MULTICAM®

UW SPLIT-FRONT CHEST RIG GEN V

The UW GEN V Split-Front Chest Rig is a multi-purpose chest rig capable of carrying 5.56, 7.62x51, 7.62x39, MP7 or 9mm magazines.

MAY-CR9-MC

COLOURS: MULTICAM®

ASSAULT PLATE CARRIER (APC)

The (APC) is designed to provide a high degree of mobility and ample area for mounting mission essential pouches.

MAY-PC-MC-SM

COLOURS: MULTICAM®

ASSAULT BACK PANEL TYPE 1

The Assault Back Panel Type 1 is designed to carry the minimum amount of kit for a short duration dismounted mission.

MAY-VS-MF-BP-MC

COLOURS: MULTICAM®

Mystery Ranches' design philosophy is simple: make exceptionally comfortable, incredibly durable packs for people who depend on their gear. And keep in mind that those people will probably be carrying very, very heavy loads and odd-shaped items.

NICE FRAME

Five different styles of pack bag completes the NICE Frame System; a true pack system, capable of hauling any load.

MYST-A1390

COLOURS: MULTICAM®,
COYOTE TAN, FOLIAGE GREEN

NICE 3 ZIP OVERLOAD

Combining a patented 3-zip design with a unique overload feature allows a rifle to be secured between the pack and the frame.

MYST-N-30L

COLOURS: MULTICAM®,
COYOTE TAN, FOLIAGE GREEN

NICE 6500

The NICE 6500 is a classic top-loading pack, and has enough features to organize the largest loads and seven rows of PALS webbing on each side. The 900 cu-in Daypack lid is removable and also its own backpack.

MYST-N-6500

COLOURS: MULTICAM®,
COYOTE TAN, FOLIAGE GREEN

RATS PACK

The Rapid Access Trauma System (RATS) pack is a frontline medic bag whose every detail is focused on quick, one-handed access to organised medical supplies. There are multiple trauma shears, tourniquet holders and large reinforced handles.

MYST-A1479

COLOURS: MULTICAM®,
COYOTE TAN, FOLIAGE GREEN

ASAP

The ASAP is a smaller, streamlined 3-zip pack with lots of external PALS webbing, two internal wide hydration sleeves, a large hydration/cable port on the top of the pack and our Spadelock system for internal organization.

MYST-ASAP

COLOURS: MULTICAM®, COYOTE TAN

3 DAY ASSAULT

Big enough to carry sustainment gear, extra ammo, IFAKs, and tactical radios. The 3-zip design gets you in the pack fast-rip, unzip and you're in. PALS web on the sides and on the inside back panel give you options to expand.

MYST-A100

COLOURS: MULTICAM®, COYOTE TAN, BLACK, FOLIAGE GREEN

BASE

The Body Armour Support Equipment (BASE) is Mystery Ranch's solution to help take the weight of armour and kit off the shoulders. Initially developed for plate carriers, it works well with nearly any armour system.

MYST-A2247

COLOURS: MULTICAM®, COYOTE TAN

CINCH SYSTEM

The modular cinch strap, which connects to the front of your IBA, MTV or other body armour, reroutes the shoulder pads of your pack down the front of your armour keeping the shoulder pads from cutting into your armpits.

MYST-A133

COLOURS: MULTICAM®, COYOTE TAN, BLACK, FOLIAGE GREEN

Years of testing, evaluation, and fielding of NEMO Shield™ products have culminated in forward thinking designs that reduce weight, improve concealment and increase comfort.

ALCS

The ALCS™ 1P SE with GORE-TEX® shell is the most advanced combat shelter on the market.

NEMO-ALCS-ICC

COLOURS: MULTICAM®, COYOTE TAN

GOGO

10 feet long, three feet wide, 27" tall, takes less than 15 seconds to set up, and weighs about two pounds.

NEMO-GOGO-MC

COLOURS: MULTICAM®

COSMO™ AIR SE

The Cosmo™ SE modular sleep system offers comfort and versatility well beyond other pads on the market using thoughtful design and advanced materials. It offers 3" of loft in a package that weighs less than 2 pounds and packs to about the size of a litre bottle. The baffles in Cosmo™ SE pads run across their width, perpendicular to your arms and legs, making their contours barely noticeable.

NEMO-CPD140

COLOURS: GRANITE GREY

SIZE: REGULAR, LONG, X-LONG

NEMO SHIELD

FILLO™ SE

The Fillo™ SE pillow is soft and yielding, yet substantial enough for side-sleepers. It's a great pillow for the C-17 or at the FOB. It feels big when it's cradling your head, but it packs surprisingly small.

NEMO-FILLO-OL

COLOUR: COYOTE

HELIO™ PRESSURE SHOWER SE

Unlike gravity fed camp showers that need to be hung overhead and produce dismal water pressure, Helio™ rests on the ground and delivers the pressure you need for showers, cleaning up gear, or basic field sanitation.

NEMO-HELIO-SHW-GY

COLOURS: GREY

FAS BAG SWIM MP7

Protects a weapon from salt water and sand during swims, OTB missions, or ocean or land transport.

NEMO-FAS-SWIM-MP7-GY

COLOURS: GREY

FAS BAG SWIM M4

Lightweight, compact, and affordable, it's a sensible way to protect your weapon from environmental contaminants.

NEMO-FAS-SWIM-M4-GY

COLOURS: GREY

FAS BAG JUMP M4

Can be handled more roughly than the Swim FAS™ bags, and allows normal intuitive operation of the weapon.

NEMO-FAS-JUMP-M4-BK

COLOURS: BLACK

powertraveller
without boundaries™

Powertraveller designs, develops and manufactures an award winning range of portable power and solar chargers for electronic devices. Designed in the UK and tested to destruction in some of the world's most inhospitable environments.

MINIGORILLA

The Minigorilla can be used with e-readers, camcorders, mobile phones and other devices using a 19V DC input or less. It can also charge the Apple iPad (using Apple USB cable) or the Samsung Galaxy Tab using our specially designed tip (sold separately).

POWE-MG001

STARTMONKEY400

The compact Startmonkey400 delivers a battery jump-start current of 12Volts at 400Amps and is packed with high-tech features to give you total peace of mind - Suitable for use on standard cars, small vans and 4x4s that have a 12Volt battery.

POWE-STM400

POWERMONKEY DISCOVERY

The Powermonkey Discovery will recharge an iPhone twice, standard mobile phones 3-4 times, or give iPods and MP3 players up to an additional 120hrs playtime. Compatible with e-readers, Sat Navs, handheld games consoles, portable GPS systems and more!

POWE-PMDV002

POWERGORILLA

The Powergorilla laptop charger will give you an extra 2-5 hours of power, depending on your laptop's specification, and over 20 hours on various other devices (Works with devices up to 24Volts - from your laptop to your mobile phone).

POWE-PG002

SOLARGORILLA

In the desert, up a mountain or simply on the move, the Solargorilla charger gives you Powergorilla juice anywhere under the sun. The Solargorilla is also a viable charging option for laptops under 40 watts.

POWE-SG002

POWERCHIMP4 A

This unique battery charger will recharge up to 4 x AA or 4 x AAA batteries, or a mixture of the two.

POWE-PCH-A4001

POWERMONKEY EXTREME

The Powermonkey Extreme houses a massive 9000mAh capacity Lithium Polymer battery and offers users real power.

POWE-PMEXT003

SOLARMONKEY ADVENTURER

Solar charged in just 8 to 12 hours, the Solarmonkey brings a new balance to solar power and battery capacity.

POWE-SM001

The cultural spirit of Princeton Tec motivates them to push technology and design, so that they can ensure that you have solutions where technology is applied and that the methodology makes sense for how you use them.

CHARGE MPLS

The Charge MPLS is the natural evolution of personal task lights, with the flexi-neck design that gets spot illumination to the task at hand. New for the Charge is the addition of a higher power Maxbright LED with a wide beam pattern that makes bright light easily accessible with a two-second press of the button. A momentarily press of the button illuminates a cluster of three Ultrabright LEDs, available in choice of red, blue, green, infrared or R/B/IR and R/G/IR combinations.

PRIN-C-RGI

COLOURS: BLACK, TAN, OLIVE DRAB

REMIX PRO

Powered by a single CR123 battery, providing excellent performance in cold weather, lightweight and compact size.

PRIN-HYB123RBINOD-MC

COLOURS: MULTICAM®, BLACK, TAN

SWITCH MPLS

Designed as a personal task light that offers lightweight and versatility with a dual-LED head on a flexi-neck platform.

PRIN-MPLS-II

COLOURS: BLACK, TAN, OLIVE DRAB

FRED

The Fred always turns on in the Red LED low mode, so you never accidentally blind yourself or any other people.

PRIN-FRED-NOD

COLOURS: MULTICAM®, BLACK, TAN, OLIVE DRAB

Rheinmetall has spent years pioneering new technologies for protecting friendly forces, systematically expanding its range of products in this critical field.

Three divisions – one goal: Creating mission-oriented capabilities today for the security challenges of tomorrow.

MITHRAS FAMILY

A family of hand-fired rockets with a wide variety of effects – can be fired up to 300m, 600m and 1000m.

Smith Optics Elite takes the concept of integration to a new level, by adopting the military's Human Systems Integration process. This approach takes human variables such as fit, optical performance, ballistic performance, integrated equipment, and weapons interface into account to refine a product's functionality.

AEGIS ECHO

Ballistic eyewear designed for use with and without over the ear hearing protection. The Aegis Echo is designed for anyone who has ever felt the "rage" of his or her temple and helmet combination digging in over hours of use.

SMIT-AECA**12

COLOURS: MULTICAM®, BLACK, TAN

AEGIS ARC

The Aegis Eyeshield offers maximised coverage and protection for high impact environments. Whether you are deployed, training for a mission, or shooting for sport, the Aegis is the piece of eye protection you want with you.

PIVLOCK V2 TACTICAL

Maximum optics and protection are the basis of the new PivLock v2 Tactical. Utilizing the new FreeFloat™ lens technology, the PivLock can absorb a serious impact. A super lightweight, frameless protective eyeshield that increases vision and keeps you on target.

SMIT-PVTPCGY

COLOURS: BLACK, TAN

BOOGIE REGULATORS

If your day includes a long road ride or a jump out of a perfectly good helicopter, the Boogie Regulator Goggle has the qualities you need in your eye protection - It's the perfect example of simplicity meeting technology.

SMIT-BR01GY12

COLOUR: CLEAR, GREY, IGNITOR

LOPRO REGULATOR GOGGLES

The LOPRO Regulator Goggles are designed with two primary tasks in mind - integrate under night vision systems and their mounts without causing optical interference and keeps lens fogging at bay. They combat fog so you don't have to!

SMIT-LPG01MC12

COLOURS: MULTICAM®, BLACK, TAN

OUTSIDE THE WIRE (OTW)

Designed to provide maximum ballistic protection, the Outside The Wire goggles offer superior optical clarity, utilising tapered lens technology to correct distortion, and a custom fit strap system to keep your eyes protected in any condition.

SMIT-OTW01TN12

COLOURS: MULTICAM®, BLACK, TAN, FOLIAGE GREEN

OTW TURBO FAN

A micro electronic fan efficiently and silently evacuates moist air from the goggle chamber to keep you fog free. Their system exhausts 50% more air volume at a 40% lower decibel level than the competition - So sweat it out.

SMIT-OTW01Y-TF

COLOUR: BLACK

S&S Precision are compelled to innovate tactical gear and obsessed to do things that others can't or won't - Extraordinary customers require unique solutions. They merge technical knowledge with real world experience to advance tactical equipment.

MANTA STROBE

The Manta Strobe is part of S&S Precisions Advanced Illumination & Marking Systems (AIMS). Specifically designed to eliminate accidental overt light discharge. The base plate is shaped to fit to the curvature of modern combat helmets, and comes as standard with Infrared and overt (green) light modes.

S&S-MS-0011

COLOURS: GREEN, WHITE

V-LITE™

The V-Lite™ is part of S&S Precisions Advanced Illumination & Marking Systems (AIMS). This products housing is flat and flexible, which forms to the curvature of the users helmet, reducing snag hazards during parachute operations. The V-Lite™ low profile design attaches easily into MOLLE. Available in four colours: Red, Blue, Green and IR. Run-time: 120+ Hours (continuous).

S&S-VL-1*V**

COLOURS: BLUE, GREEN, INFRARED, RED

PLATE FRAME TACTICAL

Minimised rigid plate frame structure that grasps the plate and creates a rigid mounting base for pouches. The Plate Frame Harness Assembly uses non-hygroscopic materials and is manufactured in a non-stitch and non-sewn process. Ultra lightweight: 1lb 6oz.

S&S-PF-01**

COLOURS: BLACK, TAN

NAVBOARD™ STANDARD

Conducting night time parachute operations is serious business, even for the best. The NavBoard™ Standard is purposely built for in-flight navigation, giving you what you need when you need it. Includes: Illuminated Compass, Protective Cover and Bungee Retention System.

S&S-NB-0001

LOW PROFILE ADJUSTABLE SLING

The Low Profile adjustable sling is a free floating snap hook wrapped with a bungee silencer, 1" flat webbing with adjustment hardware and slack stow sleeve.

S&S-SLP-A001MC

COLOURS: BLACK, DIGICAM, MULTICAM®

SIZE: ADJUSTABLE

M-AX MOUNT

Dubbed the M-AX Mount, this super small assembly attaches to the Ops-Core F.A.S.T. Helmet ARC system and takes the flashlight up and above the helmet rail, nesting it in a low profile position - Compatible with the Ops-Core F.A.S.T. Helmet w/ARC.

S&S-MX-0001

Since its establishment in 1969, the name SureFire has become synonymous with excellence in hand-held illumination tools, weapon lights, suppressors and muzzle breaks the world over - Engineered for maximum performance and manufactured with precision.

P2X FURY® TACTICAL

The P2X Tactical is a single-output searchlight, delivering 500 lumens of blinding light while housed in a precision high-strength aerospace aluminium body.

LAS-P2ZX-A-BK

P2X FURY® DEFENDER

The P2X Defender is an evolution of the P2X Tactical, featuring a crenellated Strike Bezel® that can be used as a last line of defence in an emergency.

LAS-P2XD-A-BK

6PX™ TACTICAL

The 6PX Tactical uses a high performance LED to generate a brilliant, penetrating, perfectly pre-focused 320 lumen beam.

LAS-6PX-A-BK

6PX™ DEFENDER

The 6PX Defender is identical to the 6PX Tactical except for a crenellated Strike Bezel®, and a two stage tailcap switch.

LAS-6PXD-A-BK

R1 LAWMAN™

The rechargeable R1 Lawman™ LED flashlight features a 750 lumens output, and head and tailcap switches that are user programmable.

LAS-R1-A-BK

SUREFIRE

M620U

Compact and extremely powerful, the M620 Ultra Scout Light® uses a virtually failure-proof LED to produce 500 lumens of output, and it continues producing blinding tactical light for 1.5 hours on a set of batteries.

LAS-M620U-A-BK

M620V

The M620V Scout Light® produces 150 lumens of brilliant white light or 120 milliwatts of infrared output for use with night vision devices-with no need for IR filters or spare lamps; attaches to Picatinny rail with a Swing-Lever™ rail clamp.

LAS-M620V-A-BK

2211™ WRISTLIGHT

The SureFire 2211™ WristLight straps to your firearm support-wrist and creates either a 200, 60 or 15 lumen beam.

LAS-2211-A-BK

X300® ULTRA

The powerful SureFire X300® Ultra is able to produce 500 lumens of stunning white light for 1.5 hours per set of batteries.

LAS-X300U-A

X400® ULTRA GN

The SureFire X400U® GN combines a 500-lumen brilliant white light with a green laser-aiming device in one Weapon Light.

LAS-X400-A-GN

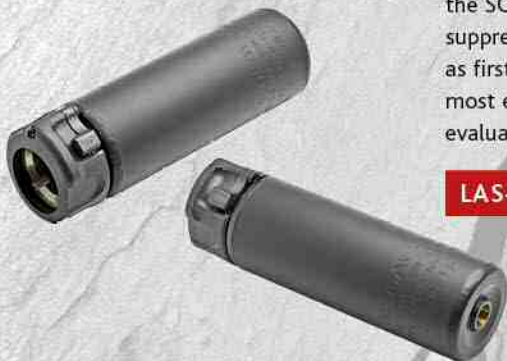

SUREFIRE

SOCOM 556 MINI SUPPRESSOR

With an overall length of just 5 inches, the SOCOM 556-MINI Fast-Attach® suppressor was selected by US SOC as first among all competitors in the most extensive and rigorous suppressor evaluation in history.

LAS-MINI-SA-BK

SOCOM 762 MINI SUPPRESSOR

At just over 6 inches in length, the SOCOM 762-MINI Fast-Attach® suppressor is optimised for use with 7.62x39 and 7.62x35 calibre rifles and will also adequately suppress 7.62x51 NATO calibre rifles with a barrel length of 16 inches or longer.

LAS-SOCOM762-MG-BK

HIGH CAPACITY MAGS

The SureFire high-cap magazine for 5.56x45 mm ammunition is compatible with M4/M16/AR-15 variants - also available in a 60-round version.

LAS-MAG5-100

EP3 SONIC DEFENDERS®

The EP3 Sonic Defenders double-flanged-stem design fits most people and provides a Noise Reduction Rating (NRR) of 24dB.

LAS-EP3-BK

SIZE: SMALL, MEDIUM & LARGE

EP7 SONIC DEFENDERS® ULTRA

The EP7 Sonic Defenders foam-tipped stem design, with memory-foam Comply™ Tips, fit most people and provide a Noise Reduction Rating (NRR) of 28dB.

LAS-EP7-BK

SIZE: SMALL, MEDIUM & LARGE

SUREFIRE

Suunto is at the forefront of design and innovation for sports watches, dive computers and instruments used by adventure seekers all over the globe. From the highest mountains to the deepest oceans, Suunto physically and mentally equips outdoor adventurers to conquer new territory.

CORE ALL BLACK

Combines altimeter, barometer and a compass with weather information, the Core provides the essential features for adventures in the great outdoors.

SUUNTO-SS014279010

COLOURS: BLACK

AMBIT2 BLACK

The Ambit2 is the GPS for explorers: Navigation, speed, heart rate, altitude, weather conditions and features for running, biking and swimming.

SUUNTO-SS01562000

COLOURS: BLACK

X-LANDER MILITARY WATCH

The X-Lander features an accurate altimeter, a complete barometer and a precise electronic compass in a light and robust casing.

SUUNTO-SS012926110

COLOURS: BLACK

ELEMENTUM AQUA BLACK RUBBER

While the Aqua is perfect for urban use, in water it transforms into a dive watch, automatically detecting water and starting the functions and measurements needed.

SUUNTO-SS024528000

COLOURS: BLACK

D6i ALL BLACK

With a new tilt-compensated 3D digital compass and wireless air integration, the D6i is a great tool when other people rely on your diving skills.

SUUNTO-SS018543000

COLOURS: BLACK

Since the company's founding, Team Wendy has been largely focused on developing leading-edge products that serve to protect against serious and potentially life-threatening impact related injuries; most notably, through its long-standing partnership with the U.S. Military.

EXFIL™ TACTICAL HELMET

The EXFIL™ Helmet from Team Wendy is the first carbon fiber helmet made with next-generation helmet liner technology. Utilising their expertise in helmet liner development and the long-standing partnership with the U.S. Military, the EXFIL™ is their first complete solution for head protection in the tactical market today. The helmet also comes with their newest retention system made with cam-lock sliders for easy and secure adjustment and a Boa® Closure System for optimised stability and fit.

WEND-71-41S-31

COLOURS: MULTICAM®, BLACK

SIZES: M-L, XL

CAM FIT™ RETENTION SYSTEM

The first stand-alone chinstrap to feature dial-adjustable fit. The Boa® Closure System provides the ultimate in stability, adjustment and fit, while remaining lightweight and durable. CAM-FIT™ is compatible with ACH, MICH, TC2000 series or USMC LWH ballistic helmets.

WEND-21-B31

COLOURS: COYOTE TAN

SIZES: M-L, XL

ESAPI NON-BALLISTIC TRAINING PLATES

Team Wendy's training plates are designed to replicate actual ballistic plates; stiff enough to hold their shape, yet flexible enough to easily insert into any carrier. Measure 8.75" x 11.75," Weigh 5lbs. Chest plates come in pairs of two.

WEND-91-C1

COLOURS: BLUE

At Velocity Systems, they understand the time critical nature of armour and that the development of new and emerging threats requires the quickest response back to the field, supported by unparalleled customer service, abundant Quality Assurance and Quality Control (QAQC).

SUPER LIGHT ARMOUR APPLIQUÉ PLATE

The SLAAP Plate stops 7.62x39 mild steel core at 2,400 +50fps (Muzzle Velocity), and is manufactured to be compatible with ACH, Ops-Core and Cry Airframe helmets. Attaching with a simple hook and loop type fastener, for quick attachment and removal when necessary. This lightweight plate reduces neck fatigue, and is available in any colour or camouflage design.

MAY-VS-SLAAP

ADMIN/FLASHLIGHT POUCH

Perfect for all your personal ID documents, and is a suitable platform for Velcro® patches.

MAY-VS-PAPF

M60 POUCH

The M60 pouch is able to carry a 100 round box of linked 7.62 ammo or six M4 magazines.

MAY-VS-PM6

SHOTGUN POUCH

A user friendly cartridge pouch, capable of holding twenty-five 12Ga Shotgun Shells.

MAY-VS-PSG
