

NTtv IS THE EASIEST WAY TO SHARE VIDEO AT THE SQUAD LEVEL

Networked Tactical Television (NTtv) is a portable, scalable and low cost video sharing system that combines COTS equipment with Kopis Mobile technology to provide operators with a unique view of the operational mission space.

SIMPLE AND VERSATILE

MULTIPLE USES:

- **Dismounted** squad-level real-time perspective sharing
- **Vehicle** 360° overwatch system
- **Perimeter surveillance** for a safe house
- Disposable/expendable monitoring
- Zero-profile OCONUS deployments

CAMERA-TO-SCREEN COMMUNICATION TAKES PLACE OVER WI-FI, CELLULAR, OR CUSTOMER-SPECIFIED NETWORKS

- See what your fellow operators see
- Simple screen swipe or tap to change views
- Use COTS (e.g. GoPro or Contour) cameras and standard smartphones & tablets
- Connect to multiple cameras and smart devices at once

MULTIPLE KIT OPTIONS, INCLUDING:

- All-team Video Share
- Leader-only Video (shown at right)
- COTS Hardware only
- Complete customization to suit customer requirements for cameras, communications, smart devices, and system SWAP
