

UNITY™

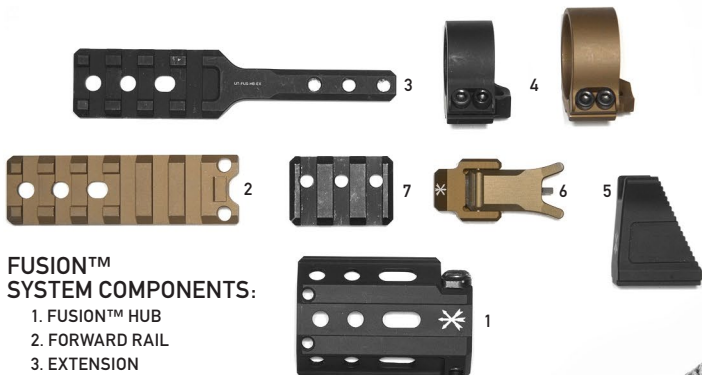

Unity Tactical LLC., a leading manufacturer of firearms accessories, is expanding its worldwide operations. All international distributors and dealers are encouraged to contact Unity at dealers@unitytactical.com about setting up accounts in their country or territory.

ATOM™ is a robust and future-proof handgun optic mounting system. It allows the end user to easily mount nearly any mini/reflex optic to their pistol without the need to mill the slide for each individual optic.

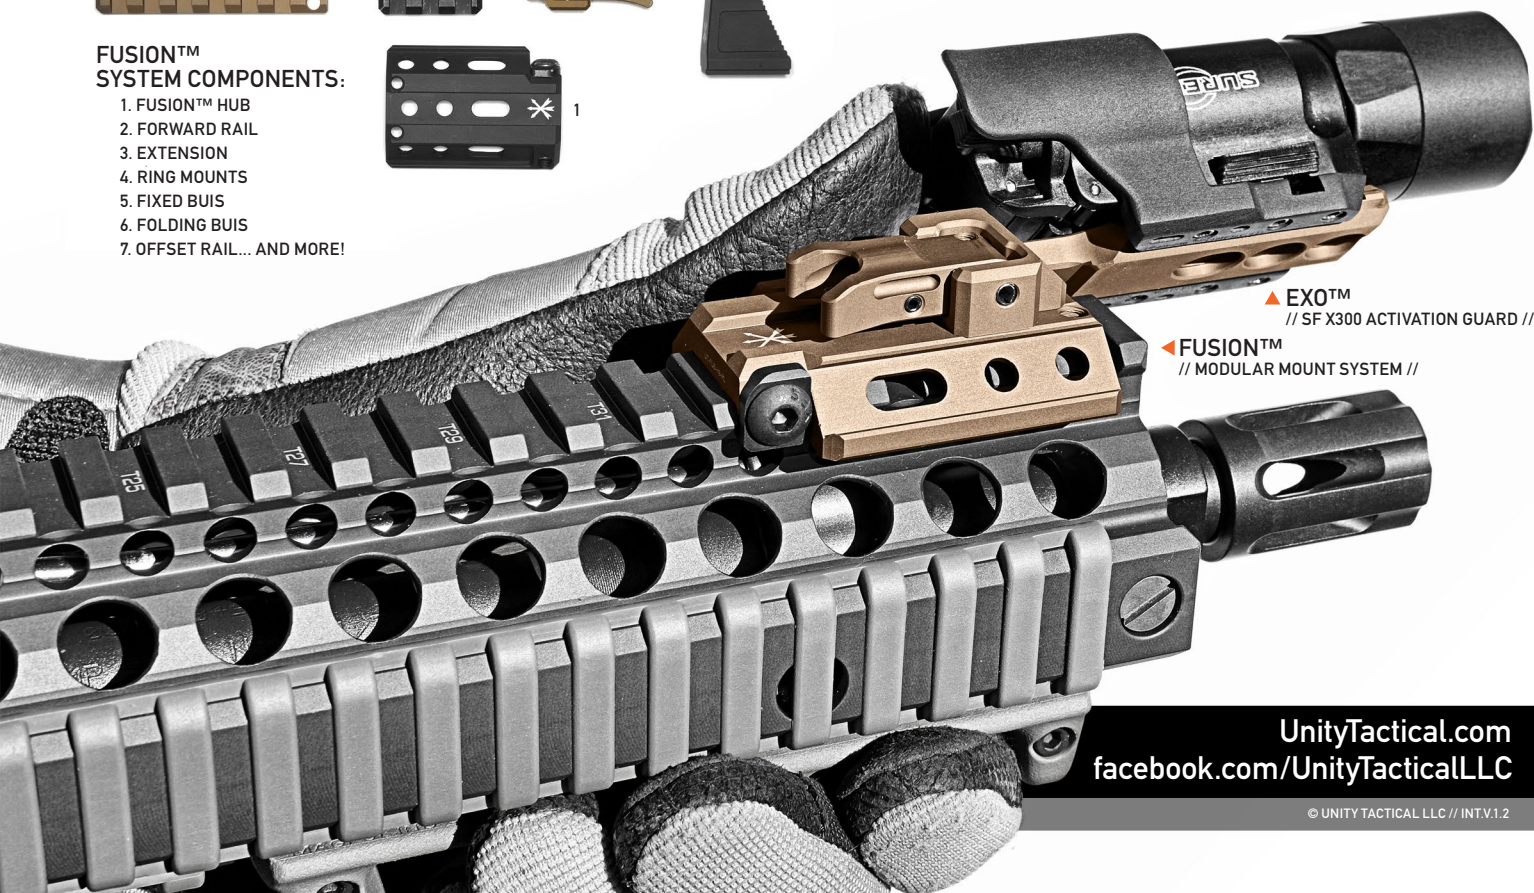

FUSION™ is a modular, multi-purpose mount system designed to give the end user extreme flexibility in mounting options. FUSION™ was designed to maximize the use of rail space while remaining lightweight and low profile.

FUSION™ SYSTEM COMPONENTS:

- 1. FUSION™ HUB
- 2. FORWARD RAIL
- 3. EXTENSION
- 4. RING MOUNTS
- 5. FIXED BUIS
- 6. FOLDING BUIS
- 7. OFFSET RAIL... AND MORE!
