## AGGRESSOR

Part No: SBT-AGR

The Aggressor plate carrier is integrated with several features. This carrier was designed from the ground up with the patrol officer or tactical operator in mind. Ideal to be worn as an outer plate carrier/tactical vest with rifle hard armor plates. The carrier has integrated front and back interior adjustable plate pockets that accept Level III and IV 10x12 shooters cut (clipped corner) plates and 10x12 rectangle plates. Used by many patrol officers as a daily duty outer vest carrier. The Aggressor gives you more comfort as a plate carrier and a larger area to accept MOLLE pouches. The Aggressor also has an integrated heavy duty drag handle. The Aggressor will Accept our groin, deltoid and collar protector armor all Level IIIA. The shoulder pad accessory will also fit the Aggressor but was not specifically made for them. If you need added comfort from loads like plates this is a great accessory.

- Material: 500 Cordura
- Upper left chest dual grommets to accommodate a badges
- Easy/Quick donning and doffing of the vest with underside mesh wrap around for positive contact then the vest drops down
- Cost effective
- Ideal for Law Enforcement Patrol, Swat and Tactical operations
- Non-slip on shoulder area for secure weapon shouldering
- 2 in Velcro strip across upper chest for name plate of patch identifiers
- Front and Back of Carrier have MOLLE/P.A.L.S. webbing to accommodate MOLLE pouches
- Two Quick Release buckles on each side to secure rig once closed
- 4 in Velcro strip across upper back for Identifiers

- Fully adjustable shoulders
- Interior lined with heavy duty mesh for that breathes for comfort
- Padded mesh along arm holes for added comfort
- Underside of shoulders are padded
- Front and back interior adjustable pockets to accommodate 10x12 rifle plates
- Microphone strip on front to accommodate radio mics
- Drag Handle Integrated

*(This carrier is loaded. Pouches in pictures not included, and for example purposes only.)*

(BLACK BANSHEE QD IS LAPD APPROVED)

**BANSHEE QD RIFLE PLATE CARRIER**

Part No: SBT-BANHYB

The BANSHEE QD (Quick Deployment) plate carrier is an advanced professional/operator grade plate carrier that takes the Banshee to another level of comfort and performance. BANSHEE QD is the second version of the Banshee family of plate carriers. Made to accommodate those that do not need a full traditional cummerbund but still want the ability to run front and back rifle plates. Ideal for Law Enforcement, Military, and Sniper operations.

This BANSHEE QD plate carrier is ultra lightweight, low profile, and has great load carrying capacity. Designed for protection, utility, mobility in a compact lightweight design. One major difference with the BANSHEE QD plate carrier is the cummerbund which now is a hybrid type.

The hybrid cummerbund was designed with comfort and mobility in mind, and made with advanced materials. This new cummerbund comes standard in the Banshee QD, runs through the carrier, and is fully adjustable (one size fits most). It is low profile and the interior of the cummerbund is padded and on the exterior has 2 rows of PALS webbing.

- Lightweight Shoulder Pads Included
- Versatility with several PALS web attachment points covering the front, back and shoulders of the vest
- Fully adjustable and padded
- Two areas of loop for identifiers
- Fits over soft body armor/Uniforms
- Wire, antenna or hydration hose guides
- Removable Hybrid Cummerbund
- Low Profile/High Mobility/Lightweight
- Quick Release Buckle securing system
- 500 Cordura - Drag Handle
- Will accept up to 10x12 Level 3 and 4 ESAPI OR SIMILAR PLATES and Plate Backers. The pockets will not accept the XL ESAPI plates

*The cummerbund on the Banshee QD does not have interior PALS/Molle webbing and does not accomodate side plates*

**COLOR**

**BANSHEE RIFLE PLATE CARRIER**

Part No: SBT-BANRIF

The BANSHEE Rifle Plate Carrier is an Ultra lightweight, low profile, high quality plate carrier designed for protection, utility, mobility in a compact lightweight design.

The BANSHEE rifle plate carrier comes standard with a removable cummerbund. Cummerbund runs through the carrier, is fully adjustable (one size fits most) and has PALS webbing on the interior and exterior to accept side plates or other pouches. Also standard is a secondary nylon strap system with quick release buckles (also removable) if the cummerbund is not needed. Both Cummerbund and secondary system integrated on all Banshees. The front pocket of the Carrier has a hook and loop kangaroo type pocket to allow for accessories.

Value and features are packed into this plate carrier. USA Made-Full Berry Compliant Plate Carrier - Backed by our No Questions asked Lifetime Warranty.

- 500D Cordura
- Lightweight Shoulder Pads Included
- Extreme versatility with several PALS web attachment points covering the front, back and shoulders of the vest.
- Fully adjustable and padded front, back and shoulder areas.
- Two areas of loop for identifiers
- Heavy Duty bar tacking at key stress points
- Wire, antenna or hydration hose guides
- Removable Cummerbund with interior and exterior PALS for side plates
- Quick Release Buckle secondary securing system
- Drag Handle
- Cummerbund sides that accept soft armor 17in x 6in
- Weight of the BANSHEE empty 2lbs 5 oz
- Will accept up to 10x12 Level 3 and 4 ESAPI or similar plates and Plate Backers.

*Los Angeles Police Department (L.A.P.D.)- NTOA (NATIONAL TACTICAL OFFICER ASSOCIATION) APPROVED*

## BANSHEE QD CUMMERBUND

Part No: SBT-QDCB

The Banshee QD (Quick-Deployment) Cummerbund is the ultimate modular upgrade to your Banshee. It integrates seamlessly into your current Banshee plate carrier allowing your Banshee a Quick Release/Deployment feature

- Two front quick release buckles
- Integrates seamlessly into the original Banshee
- Fully adjustable with bungee lace system
- Padded design with comfort and mobility in mind
- Advanced unique design and materials
- Ideal low-pro plate carrier, active shooter rig, or sniper operations
- Exterior has two rows of PALS webbing
- This cummerbund does not have interior PALS/MOLLE webbing and does not accommodate side plates

### COLOR

## BANSHEE CUMMERBUND

Part No: SBT-BCCB

Exact replacement cummerbund for your Banshee Plate Carriers. Works with other brands of plate carriers as a replacement cummerbund.

- Three MOLLE strips inside and out
- Material: 500 Cordura

### COLOR

## KANGAROO ZIPPER POUCH

Part No: SBT-KP3

The Kangaroo Zipper Pouch is designed to fit into the Velcro kangaroo pocket in the front of the Banshee Plate carrier. It turns the pocket into an easy opening zippered pouch that can be used to store various small items while still keeping a low profile.

### COLOR

## BANSHEE SHOULDER PADS

Part No: SBT-SPA2

The Banshee Shoulder Pads pads are extra padded for that added shoulder relief from heavy loads and engineered to be super breathable top of the line advanced materials. Although made for the Banshee and Banshee QD they are also compatible with the Aggressor, and will also fit most plate carriers in the market. This is a great ergonomic comfortable addition to all vests and will help distribute weight that causes fatigue and pain.

### COLOR

## TWO MAG KANGAROO POUCH

Part No: SBT-KP2

The Two Mag Kangaroo Pouch Insert was requested by many and it is now here. Specifically designed to fit the Banshee Plate Carriers front Kangaroo pouch.

- Insert will accommodate two .223/M4 type magazines
- Low profile design

### COLOR

## HYBRID COBRA RIGGERS BELT

Part No: SBT-HCBR1

The Hybrid Cobra Rigger's Belt is now here. This belt is the same as our current Cobra Buckle Riggers Belt, but with a hybrid kick. This one has AustriAlpin's newest buckle with the D-Ring integrated.

- The belt is made of 1.75" Mil-Spec Nylon webbing. A heavy duty belt for rigging and load bearing equipment.
- Strength rated as follows:  
Buckle: 18kN / 4000lb MBS (straight pull). 36kN Loop configuration.  
D-ring: 22kN / 5000 lb MBS (straight pull).
- Far exceeds ANSI Z359.1, CSA, EN, UIAA, and NFPA standards for fall protection
- Made from 12 mm - 7075 aluminum alloy
- Stainless steel adjuster, rivets, components, and D-ring. Brass clips.
- CNC Machined for flawless precision, reliability, and safety.  
No sharp edges.
- The black and ranger green will have a black buckle.

### COLOR

## COBRA BUCKLE BELT

Part No: SBT-CBB

This belt can be worn as a standard belt, a range carry gear belt, gun belt or used as a heavy duty under belt for your on duty belt. It features a Cobra Buckle offering secure fastening and adjustment. Constructed with two layers of webbing for stiffness/stability.

- Belt width: 1.75 in
- This belt fits big due to the Cobra Buckle and it is sized to be able to hold an IWB holster. If you are wearing this belt strictly as a pants belt order one size smaller

### COLOR

## COBRA BUCKLE RIGGERS BELT

Part No: SBT-CBR

The Cobra Buckle Riggers Belt is a high speed piece of gear that fills a need for those who demand more from their gear. It features a Cobra Buckle which offers easy yet secure fastening and adjustment without threading the belt through very time its taken off and on. The forged V-ring provides a secure attachment point. Constructed from two layers of webbing for stiffness. This Cobra Buckle Riggers Belt is a popular high end piece of essential gear that is backed by operator demand!

- Belt width: 1.75 in
- Sizing info: These belts fit slightly larger than our standard riggers belt due to the Cobra Buckle. If you are wearing this belt with accessories or an IWB (Inside Waist Band Holster) your normal belt size should be fine. If you are using the belt as you regular pants belt many have found that they need to buy one size smaller.

### COLOR

## COBRA BUCKLE DUTY BELT

Part No: SBT-CDB

The Tactical Cobra Buckle Duty Belt is a high speed belt that that fills a need for those who need a heavier duty stiff side belt for sub loads or duty gear.

Sturdy and ideal to be used as a Sam Brown Duty Belt to accommodate all of your duty gear. Ideal as a sturdy range belt to carry your fully loaded sub loads and works with our Warfighter padded belt. Features a Cobra Buckle (AustriAlpin) which offers easy yet secure fastening and adjustment without threading the belt through very time it's taken off and on.

- Belt width: 2 in
- Two scuba webbing double layered
- Ideal as a Sam Brown type Police/LE Duty Belt
- Lightweight/comfortable design
