TROYA

TROYA's STRIX is the state-of-the-art when it comes to Night Flight. The **STRIX** is designed to be compatible with existing AV/AVS-9 or AV/AVS-6 adaptors and accessories, and offers much more. This unique Aviator's Night Vision Imaging System (ANVIS) enables Civilian, Police, First Responders and Military pilots the best user experience and ergonomic design available for today's aviators. In order to facilitate depth perception, The **STRIX** is equipped with dual optical channels (Objective lens and eyepiece), which enables for comfortable viewing, and an adjustable focus for an optimal viewing experience.
